

RESOURCES DESIGNED BY EDUCATORS FOR EDUCATORS

Inspiring young storymakers

“The authors are fantastic, the content is great, the resources are out of this world... everything flowed really well.”

Emily, Teacher-librarian

“Our [students] aren't big writers... [they] loved it. They wrote more than what we've ever seen them write in the classroom.”

Kristin, Year 4 classroom educator

Innovative and engaging lessons featuring Australia's most visionary book creators.

Your essential creative writing toolkit

Story Tools is a fun and innovative creative writing resource used by teachers, librarians and educators to support literacy programs. With our high-quality video tutorials and educator-designed resources, creativity has never been so much fun!

What you can expect from Story Tools:

Story Tools includes short video tutorials presented by Australia's most visionary and diverse children's book creators. Each video is accompanied by a full suite of lesson resources to model techniques, engage student interest, and support them with developing story writing skills and understandings. Each lesson resource pack contains lesson plans, worksheets, posters, games, prompts, examples, book recommendations and much more!

No boring stuff!

- Inspire budding writers with authentic advice and behind-the-scenes secrets from real-life creators.
- Expertly-designed content with fun, dynamic videos filmed at some incredible locations (Come take a peek inside Shaun Tan's studio!).
- Creative writing advice, strategies, examples, tools and tips from Australia's best-loved children's writers, illustrators and story-makers.

Who is Story Tools suitable for?

Budding writers can be found anywhere! Story Tools caters for Middle and Upper primary

students. Story Tools can be utilised by classroom teachers, literacy coordinators, librarians, tutor teachers, teacher support officers, and families who want to support their children's learning.

How can I incorporate Story Tools into the classroom?

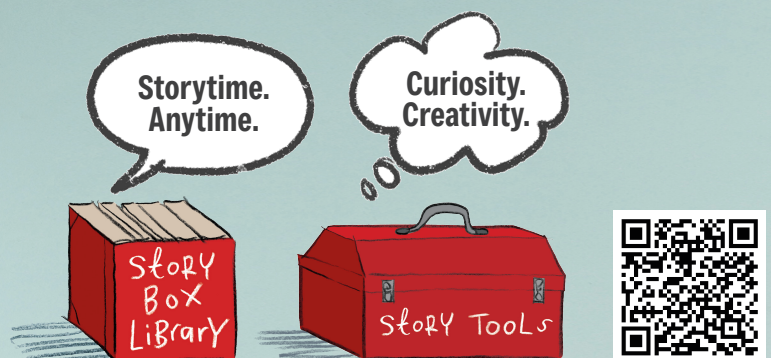

You don't need to do any additional work, just integrate Story Tools with what you're already doing. Each lesson is treated as a discrete unit, with independent learning outcomes.

How does Story Tools support educators and students?

- Delivers classroom-ready content.
- Boosts students' confidence in their creativity.
- Expands students' reading preferences.
- Inspires students to read, write and draw!

StoryBox Library and Story Tools is committed to showcasing the power of stories to children as tools to help us connect, engage, inspire and educate!
